

CARBA-TEC[®] DUST EXTRACTOR 2HP

THE IDEAL CHOICE FOR THE LARGE WORKSHOP

The additional power in this machine allows you to connect two machines simultaneously. Perfect for planers and jointers as it provides more airflow and capacity than 1HP machines.

INCLUDES
6 METRES
OF HOSE &
4 CLAMPS

PLEATED FILTER
(OPTIONAL)

- More efficient than needlefelt filter bags
- Rated at 1 micron filtration
- Provides vastly enhanced micron filtration
- Pleating increases the surface area by over 700%
- Increased CFM rate
- Filter is easy to clean

*Assembly required
