Crescent[®] Select[™]

Alpha-cellulose conservation matboard

Meet the Crescent Select family:

Crescent Select matboard is acid-free, lignin-free and meets the industry's highest standards for conservation matting. In other words, your customer's artwork is both beautifully enhanced and protected with Crescent Select matboard.

All Crescent Select Conservation matboards are deeply pigmented for rich colour that is both fade and bleed resistant, so your customer's framed artwork will look just as good today as it will in years to come.

- Produced using only 100% virgin alpha-cellulose fibers for lasting quality
- Acid-free, lignin-free and buffered to a neutral pH for maximum artwork protection
- Conservation quality surface papers offer optimum fade and bleed resistance
- Bright white conservation core and backing
- Meets all conservation standards as defined by the Fine Art Trade Guild
- Vibrant, versatile colour range
